SECOND ANNOUNCEMENT

Under the patronage of
the Faculty of dental medicine
Saint-Joseph University

ICOI 1st International Lebanon Implant Symposium

Campus of Medical Sciences, Saint Joseph University
Beirut - Lebanon

April 16-18, 2015

CUTTING EDGE TECHNOLOGY
IN ORAL IMPLANTOLOGY

In collaboration with:

International Piezosurgery Academy

10 LDA credit points

Dear colleagues,

It is a great pleasure to announce the ICOI Lebanon's 1st International Implant Symposium, which will be held in Beirut, under the patronage of the Faculty of Dental Medicine, Saint Joseph University, from April 16 to April 18, 2015.

For many years, ICOI has been leaving its mark on the scientific calendar of international dentistry. This year, and for the first time, ICOI's Lebanese chapter is organizing an international implant symposium under the theme "Cutting edge technology in oral implantology".

Our meeting this year will be in collaboration with the International Piezosurgery Academy. It will have a regional and international reach gathering global leaders in oral implantology. We are proud to have an exceptional panel of international lecturers to share their clinical expertise in surgical practice, as well as recent advancements in research, academics and overall industry. Oral presentations, live transmissions, a junior podium and pre-congress courses will further complete and enrich the program.

On another note, we want to make sure that ICOI Lebanon's Symposium will be an opportunity for our invitees to visit Lebanon and experience its breath-taking landscapes, its majestic historical and archeological sites and its unique mixed and vibrant cultures.

We look forward to welcoming you in Beirut !

Prof Nada Naaman
Chairperson

Dr Kenneth Judy
Chairperson

Pre- & post-symposium workshops |

5 LDA credit points each

Thursday April 16

- **Piezosurgical advantages in daily surgical practice:**
Pr Tomaso Vercellotti - registration fees 150 USD
- **Choukroun A-PRF & i-PRF:**
Dr Joseph Choukroun - registration fees 160 USD
- **Vertical Guided Bone Regeneration in posterior quadrants:**
Dr Marco Ronda - registration fees 300 USD
- **Ridge Splitting and Lateral Sinus Lift:**
Dr Jochen Alius – Dr Rawad Samarani - registration fees 150 USD
- **Use of the connective tissue graft for soft tissue augmentation procedures**
Dr Georges Goumenos - registration fees 150 USD

Saturday April 18

- **All ceramic restorations. A minimally invasive approach in contemporary prosthodontics.**
Dr. Stavros Pelekanos - registration fees 150 USD

Main podium Lectures – April 17-18 |

Jochen Alius (GER)

Autogenous bone graft - a standardized technique for dental surgeons.

Wael Att (GER)

Photofunctionalization of implant surfaces: A novel method to optimize implant-tissue compatibility.

Joseph Choukroun (FRA)

New trends in tissue engineering with A-PRF & i-PRF.

Georges Goumenos (GRE)

Soft tissue management in esthetic implantology.

Georges Houry (FRA)

Allografts: Concept evolution.

Alvaro Ordonez (USA)

Tenting techniques for bone grafting: Simple, affordable, effective and powerful.

Stavros Pelekanos (GRE)

Optimizing the transmucosal contour of implants in the esthetic zone

Gerardo Pellegrino (ITA)

3D PiezoSurgery Navigation.

Pedro Peña (SPA)

From extraction to implant placement, a long journey!

Alberto Rebaudi (ITA)

Ultrasonic implant site preparation: From osseointegration to ultra-osseointegration.

Marco Ronda (ITA)

Soft tissue management in vertical bone regeneration.

Gerard Scortecci (FRA)

Current strategies for long-term success of osseointegrated implants.

Simone Verardi (ITA)

Minimally invasive surgery for Immediate implants.

Tomaso Vercellotti (ITA)

State of the art of piezoelectric sinus lift technique.
